# U.S. Area Codes

The table below gives a list of US area codes for each state, with a list of important cities and towns in each of the telephone area codes. Weight is given to population and also to proximity to the border with adjoining telephone area codes. US cities and area codes shown in parentheses in (blue) are not yet in use; in each such case, long distance area codes immediately above in the table apply to the US cities and area codes shown in blue. Information shown in (red) relates to the implementation of US area codes.

The list of area codes for Canada follows the same format for the provinces and territories.
